Label Profile:

Showing alternatives to nowadays' psy-trance scene, *Suntrip* mainly focuses on melodic psychedelic trance. Any other *original* ideas, like morning progressive, ambient, ethnic... are welcome too.

History:

The label *Suntrip Records* was set up in the summer of 2004 by Fabien "Mars", one of the founders of the Psynews.org website and Joske "Anoebis", a famous Belgian DJ and Party-organiser.

They met for the first time in 2000, for a party, and since then they gather regularly, sharing the same love for melodic psychedelic trance. Because during the last three years "full on" releases were getting more and more stereotyped, they started talking about creating a label, so as to release more melodic psy-trance like *in the good old times*, but with modern production.

In June 2005 the second release was a compilation called *Apsara* which was a mixture of famous melodic Goa trance producers and new talents.

In October 2005 the third release showed the debut of the French artist *Khetzal*, known from numerous releases on labels as *Ultimae Records* and others. He gave us a great mixture of downtempo and uptempo spiritual and floating melodic goa trance.

April 2006 will be a turning point: the *Ka-Sol* album is both dark and melodic... A much harder release, but still very psychedelic and dancefloor friendly. They would describe it as "Forest Trance".

Previous Releases:

SUNCD01 : *Filteria - Sky Input (Nov 2004)*
SUNCD02 : *V.A. - Apsara (June 2005)*
SUNCD03 : *Khetzal - Corolle (Nov 2005)*
SUNCD04 : *Filteria - Heliopolis (Feb 2006)*

Forthcoming Release:

SUNCD06 : *Compilation (autumn 2006)*
SUNCD07 : *Ra album (winter 2006 - 2007)*

Artist Profile:

Ka-Sol, Swedish Christer Lundström, is a true trance veteran. He's producing trance since 1995, and now he strikes the world with his debut album!

He has a very strong underground reputation and his track *Scraqp* on the *Apsara* compilation got very good feedback! So expect 10 extremely psychedelic trance tracks, straight out of the Swedish forests, with loads of screaming melodies, weird sounds and a great story. This is pure brain candy with both night and morning stompers. The first 5 tracks are more night music while number 6-10 are clearly made for blissful sunsets! This album will fit on every open-air party this summer!

Ka-Sol released his music in the past on many strong labels like *Stone Age*, *Boom!*, *Kavator*, *Docklands*, and of course *Schlabbaduerst RekKords*, which is run by friends of him. He also released music under different names, one of his alter ego's is *AHS*, and he is also part of the groups *Signal* and *Church of the New Age Hippie Disco Shit*. Last decade he played mind-blowing live sets in Belgium, Greece, Portugal, Sweden and in many more countries!

The people that can't get enough of the typical *Ka-Sol* sound should keep an eye on *Schlabbaduerst RekKords*, as they will release a second *Ka-Sol* album soon with harder and darker, industrial influenced, music.
