Label Profile:

Showing alternatives to nowadays' psy-trance scene, **Suntrip** mainly focuses on melodic psychedelic trance. Any other *original* ideas, like morning progressive, ambient, ethnic... are welcome too.

History:

The label *Suntrip Records* was set up in the summer of 2004 by Fabien "Mars", one of the founders of the Psynews.org website and Joske "Anoebis", a Belgian DJ and Party-organiser.

They met for the first time in 2000, for a party, and since then they gather regularly, sharing the same love for melodic psychedelic trance. Because during the last three years "full on" and "dark" releases were getting more and more stereotyped, they started talking about creating a label, so as to release more melodic psy-trance like *in the good old times*, but with modern production.

The result was the debut album of Jannis "**Filteria**" in November 2004, later, in June 2005 the second release was a compilation called *Apsara* which was a mixture of famous melodic Goa trance producers and new talents.

In October 2005 the third release showed the debut of the French artist **Khetzal**, known from numerous releases on labels as *Ultimae Records* and others. He gave us a great mixture of downtempo and uptempo spiritual and floating melodic Goa Trance.

April 2006 was a turning point, the proof Suntrip isn't only about positive melodic music : the **Ka-Sol** album is both dark and twisted... A much harder release, but still very psychedelic and dancefloor friendly. We would describe it as "Forest Trance".

For 2007 they will go back to their roots, more melodic Goa Trance that means! First with a compilation and later an album of trance veteran **Ra**!

Artist Profile:

Don't mind the long and cold winter because **Suntrip** is back with 9 sunny, melodic, positive and sensitive Goa Trance tracks Anno 2007 ! Of course the main concept is super psychedelic emotional Goa Trance that will warm your heart ; but expect some hints with progressive trance and ambient as well... the musical journey will be even more Challenging than "**Apsara**" !

You will get a handful of well known artists like **Talpa**, **Khetzal**, **Filteria** ; and **Ra** (ex *Dimension 5*), who decided to join **Suntrip** family for his come-back! But **Suntrip** keeps looking for new talents as well, this time new sound wizards found in Germany (**Cosmic Silence**), the USA (**Aerosis**), Sweden (**Red Gravity**), France (**Merr0w**) and Israel (**Afgin**), have joined us! Expect a lot from these new names in the future... We hope this compilation will be your guide when you dream, trance, dance, fly, ride, dive and smile next years!

- **CosmicSilence** is a great opener for this compilation German-based Michael Nadj knows how to blend Progressive trance with the blissful melodies of GoaTrance perfectly! The perfect morning stomper...

- **Aerosis** will bring you in a deep trance with a floating trance track that is so subtle that only the full 9 minutes will make you understand this heavenly track!

- **Red Gravity** starts the more twisted part of the compilation, fast twirling melodies, acid 303's all around, and a massive break. Also the hand of Jannis "Filteria" should be noticeable here and there...

- **Talpa** will surprise many people here: A very euphoric track with nice violins and super positive melodies, proving how multi-talented Goran really is.

- **Merr0w**'s track is an in your face mad Goa Trance track that will bring electric snakes and spirals all over the place! Not for the fainthearted...

- **Khetzal** was already well known for his deep spiritual trance, well, once again he slarizes our bodies & souls with a beautiful and powerful psytrance beauty !

- **Filteria**'s new project **K.O.B.** will concentrate on different soundscapes, enjoy this new style filled with effects and the heavenly voice of Klara Steiner!

- **Afgin**'s track is an Israeli artist that gives us the symbiosis of all the old masters of his home-country! Sensitive melodies and fantastic climaxes!

- **Ra** is back! This master was out of the scene for many years, but returned with one of the best spiritual trancy ambient tracks you'll ever hear!
