### Label Profile:

Showing alternatives to nowadays' psy-trance scene, Suntrip mainly focuses on melodic psychedelic trance. But Suntrip is open for other original psychedelic music like ambient, downtempo, forest trance or melodic progressive music!

### History:

The label *Suntrip Records* was set up in the summer of 2004 by Fabien "Mars", one of the founders of the Psynews.org website and Joske "Anoebis", a Belgian DJ and Party-organiser. They've been sharing the same love for melodic psychedelic trance for years. Because during the last years "full on" and "dark" releases were getting more and more stereotyped, they created Suntrip so as to release more melodic psy-trance like *in the good old times*, but with modern production.

The result was the debut album of "Filteria" in November 2004, called *Sky Input*. This release surprised the Psy trance world, and because of the success not much later, in June 2005, the second release was a compilation called *Apsara*. This cd was a mixture of famous melodic Goa Trance producers and new talents.

In October 2005 the third release showed the debut of the French artist Khetzal, known from numerous releases on labels as Ultimae Records and others. He gave us a great mixture of downtempo and uptempo spiritual and floating Melodic Goa Trance.

Because our first artist, Filteria, was ready with another mind blowing piece of uplifting psychedelic music, his second album, *Heliopolis*, was released in the winter of 2006.

After that we had proof Suntrip isn't only about positive melodic music : after ten years of producing trance veteran Ka-Sol released his *Fairytale* album on Suntrip in april 2006. This cd is a perfect mix between melodic, dark and twisted soundscapes. A much harder release, but still very psychedelic and dancefloor friendly, described as "Forest Trance". 2007 brought and will bring more typical "Suntrip" melodic Goa Trance. In January, the compilation *Twist Dreams* was released. A mixture between famous artists like Ra, Talpa and Khetzal and less famous Goa Trance artists like Afgin and Cosmic Silence!

### Artist Profile:

Dimension 5 was one of the first Goa Trance groups ever and released lots of highly acclaimed vinyls and cds. The group saw its existence in 1989, and around 1994 they released their first early Goa Trance vinyls, which they described as "space techno". Back then the group existed out of 4 members: Charlie Clarke, Graham Franklin, Kerry Palmer and Nick Wenham. They started their own label, Intastella Records, in 1996 to have total musical freedom.

This resulted in the making of their first full album: "Transdimensional" in 1997. This piece of art is extremely wanted but unfortunately it was never decently distributed, because of that this cd became a true Goa Trance legend.

The fantastic Dimension 5 music was not only released on Intastella Records. Many of their tunes made between 1995-1998 were also featured on compilations of famous labels. (Transient Records, Psychic Deli, Leguan, Phantasm Records, BNE and many more)

in 1998 the group got an extra member; Christer Borge Lunde (also known as Ra and Electron Wave). This resulted in another album; called "Second Phaze" in the year 2000, released by an unknown label, Blue Moon in Thailand. Because of that this cd was re-released by German Velvet Inc/Nova Tekk. After this cd Dimension 5 stopped making music, leaving a great discography behind...and great memories for all the people that were already in the Goa scene around that time!

### Sales Points:

Dimension 5 is one of the most famous names in the history of Goa Trance, next to big names as Transwave, Astral Projection, Oforia, MFG ! One of the reasons is their superb first album called Transdimensional.

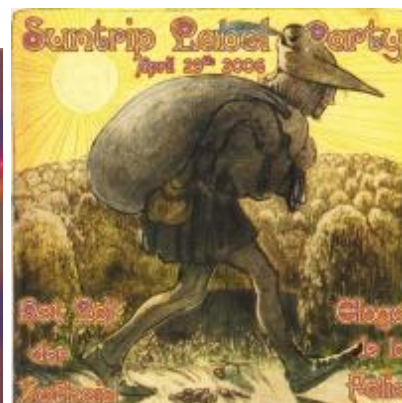

This album is probably the most wanted cd in the history of Goa Trance, and with a reason! The rhythms, melodies and acid lines flow perfectly together, creating pure brain candy! Because of limited access back then in 1997, this cd became very fast a much sought-after legend.

Because we at Suntrip think this kind of perfect melodic music deserves to be heard by everyone, we decided to re-release this timeless classic! All melodic, psychedelic and sunrise-dance lovers, don't hesitate, this cd will melt your brain and make you smile the whole summer!

This re-release is superb mastered by Tim Schuldt, and the artwork will be a little different from the original as well! And we'll finish with the announcement of our next cd... Ex-D5 member Christer Borge Lunde (Ra) is now making an album for us that will be released in the autumn. Enjoy!

### Press & marketing:
