Label Profile:

Showing alternatives to nowadays' psy-trance scene, Suntrip focuses on melodic psychedelic music in all its forms. All original music ranging from melodic deep ambient to melodic goa trance are welcome!

History:

The label *Suntrip Records* was set up in the summer of 2004 by Fabien "Mars", one of the founders of the Psynews.org website and Joske "Anoebis", a Belgian DJ and Party-organiser. They've been sharing the same love for melodic psychedelic trance for years. They created Suntrip to release more melodic psy-trance like *in the good old times*, but with modern production.

Filteria is one of Suntrip's headliners. He released 4 albums full of mind blowing tracks & uplifting psychedelic melodies. In 2009 only, the mythic *Daze of Our Lives* and a digital Remix album saw the light.

Khetzal, Goasia, and RA provided us with what Suntrip is well known for: true storytelling Goa trance albums with down and uptempo spiritual and floating melodies. The darker side of Suntrip is embodied by Ka-Sol, as he has a perfect mix between melodic, dark and twisted soundscapes.

Dimension 5's classic *Transdimensional* was remastered & re-issued, and it still blows dance floors!

In 2009, Afgin and Merr0w both released their debuts. From sensitive sunrise music to massive drives and melodies, Suntrip attempts to shake dancefloors & soundsystems! *Radical Distortion* also showed the perfect mix between modern analog productions and classic "old school" Goa sounds. Last November, *E-Mantra's* album drove us to a little more acidic, and darkish atmospheres.

Suntrip released 5 compilations: *Apsara* and *Twist Dreams* gathered a famous melodic Goa Trance producers and new talents. *Opus Iridium* celebrated our 10th release, featuring the most talented artists within the Goa and Ambient scenes. *Sundrops* got also highly acclaimed.

2010 Started with a pure morning trance compilation called *Energy Waves*. Only the most floating and entrancing tracks were allowed on this jewel!

Recent Releases:

SUNCD14: Filteria – Daze of Our Lives (April 2009)

SUNCD15: Afgin – Astral Experience (May 2009)

SUNCD16: Radical Distortion – Psychedelic Dreams (October 2009)

SUNCD17: E-Mantra – Arcana (Nov2009)

SUNDG01: Filteria – Remixes + Unreleaseds (Dec 09)

SUNCD18: VA – Energy Waves (March 2010)

Album Profile:

"*Temple of Chaos*" is the perfect tool to lose yourself into a universe of twisted acid sounds, hidden melodies and weird sound effects!

As a sequel to the floating "*Energy Waves*", Suntrip shows that modern Goa trance is not only about morning atmospheres... Now, we are proud to present our night-story of modern Goa trance!

Let's warm up with a new track by Khetzal (yes! He is finally back) where he shows his more 303-influenced side together with some electric violin demonstration!

He's followed by K.O.B. which is another alias of Filteria. The track borrows the good old Kox Box atmosphere mixed with forest melodies!

Codex is a long subtle acid-trance track by the alter ego of Antares, Daimon. Evil it is.

Moonweed & *Shakta* offer us a splendid unreleased track from the 90's! Aggressive and mindshaking, you're warned!

Merr0w's more nightish trance style needs no further introduction, but *Citrus Circus* is an incredible ever-more crazy twirling rocket with many funny references!

Filteria shows that he has new inspiration to tweak his synths more than ever before. You'll bounce on the explosive squares & groovy bassline of *Illogical Logic*.

A crazy morning track follows and wreaks havoc as the rediscovered talent "*Crossing Mind*" is back in tweaking land!

And the compilation ends by a softer but very spiralling psychedelic track by the Finnish talent *Nebula Meltdown!*

Press & marketing:

Suntrip Parties: Several official Suntrip parties were organized last few years. Most of them in Belgium, but other countries are following lately, like Hungary and Finland. The parties involved virtually all artists from the label, like Filteria, Khetzal, Ka-Sol, Goasia, Merr0w, Afgin, Dimension 5, Ra, E-Mantra, Artifact303,... But also non Suntrip artists were invited, like Jaia, Blue Planet Corporation, California Sunshine, Shidapu, NDMA, Moonweed,... In 2010 many more parties will happen.

Many bookings are set every week: Brazil (Universo Paralello), Greece, Israel, Sweden, Finland, Germany, Switzerland, Suisse... Filteria alone is literally playing around the world and some of our other artists are starting to follow this example!

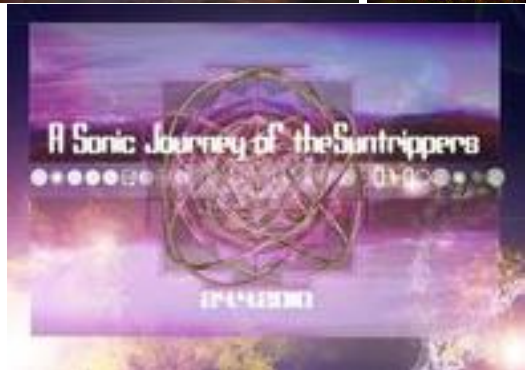

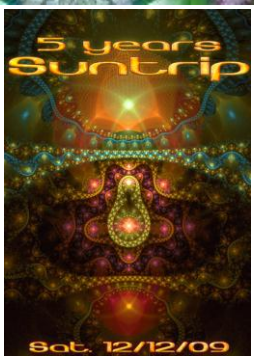

In the past the Suntrip Djs and groups have played on hundreds of parties and festivals, all over Europe including many famous ones like Full Moon, Aurora festival, Elixiria, Heron,...
