### Label Profile:

Showing alternatives to nowadays' psy-trance scene, *Suntrip* mainly focuses on melodic psychedelic trance. Any other *original* ideas, like morning progressive, ambient, ethnic,... are welcome too.

### History:

The label *Suntrip Records* was set up in the summer of 2004 by Fabien "Mars", one of the founders of the *Psynews.org* website and Joske "Anoebis", a famous Belgian DJ and Party-organiser.

They met for the first time in 2000, for a party, and since then they gather regularly, sharing the same love for melodic psychedelic trance. Because during the last three years "full on" releases were getting more and more stereotyped, they started talking about creating a label, so as to release more melodic psy-trance like *in the good old times*, but with modern production.

When Fabien discovered *Filteria* from Sweden, he believed in the quality of this melodic psychedelic trance artist and soon the label was set up and the first release was a fact.

In June 2005 the second release was a compilation called *Apsara* which was a mixture of famous melodic Goa trance producers and new talents.

A Label-party was organized in March 2005 in Brussels involving *Filteria* and *Ka-Sol*, two of the artists appearing in *Apsara*. Another party especially for this *Khetzal* release will happen in November.

### Previous Releases:

SUNCD01 : *Filteria - Sky Input (Nov 2004)*  
SUNCD02 : *V.A. - Apsara (June 2005)*

### Forthcoming Release:

SUNCD04 : *Filteria's second opus (Q1 2006)*

### Artist Profile:

After the dancefloor madness of *Filteria* and the floating morning trance compilation "*Apsara*" *Suntrip* is back with a brand new debut album from the French master *Khetzal* called *Corolle* !

*Corolle* is the French term for the flower's envelope made up of petals.

*Khetzal* is *Matthieu Chamoux*, a producer from Lyon. He studied violin and music for twelve years. This gave him the necessary skills when he started producing music in 1998.

His album is a true story, a mix between down tempo and up-tempo melodic Goa Trance with spiritual, eastern influences! Every track tells an imaginary trip in countries where one can meet traditional instruments with deep and enchanting resonance, along with a lot of sound appearances of Nature, all this blended in an evocative form. Expect a fairytale, a travel to the jungles of South America and India...

Before this album, *Khetzal* released dancefloor friendly Goa Trance on *Agitato records* (*Spiritual Moves 4*) and beautiful ambient tunes on *Ultimae & Kagdila records* (*Fahrenheit 2*, *Peace Therapy*).

In March 2005, he started a new musical project with his friend DJ *Chai*. This project, called *Avigmati* is the combination between melodic trance and full-on energy aiming at keeping alive positive vibes mixed with strong dancefloor beats. They were already released in the "*Apsara*" compilation and also soon on "*Positive Alchemists vol.1*".
