Label Profile:

Showing alternatives to nowadays' psy-trance scene, Suntrip focuses on melodic psychedelic music in all its forms. All original music ranging from melodic deep ambient to melodic goa trance are welcome!

History:

The label *Suntrip Records* was set up in the summer of 2004 by Fabien "Mars", one of the founders of the Psynews.org website and Joske "Anoebis", a Belgian DJ and Party-organiser. They've been sharing the same love for melodic psychedelic trance for years. Because during the last years "full on" and "dark trance" releases were getting more and more stereotyped, they created Suntrip to release more melodic psy-trance like *in the good old times*, but with modern production.

The result was the debut album of "Filteria" in November 2004, called *Sky Input*, which surprised the Psytrance world a lot. In June 2005, the second release was a compilation called *Apsara*. This cd was a mixture of famous melodic Goa Trance producers and new talents.

October 2005 saw the debut of Khetzal, French, known from numerous releases on labels as *Ultimae*. He gave us a great mixture of downtempo and uptempo spiritual and floating Melodic Goa Trance. Then, Filteria, was ready with another mind blowing piece of uplifting psychedelic music. His second album, *Heliopolis*, was released in the winter of 2006. After that we had proof Suntrip isn't only about positive melodic music: veteran Ka-Sol released his *Fairytale* album on Suntrip in April 2006. A perfect mix between melodic, dark and twisted soundscapes ; harder but dancefloor friendly, described as "Forest Trance".

January 2007 brought the more typical "Suntrip" compilation *Twist Dreams*. A mixture between famous artists like Ra, Talpa and Khetzal and less famous Goa Trance artists like Afgin and Cosmic Silence! In June 2007 Dimension 5's classic *Transdimensional* (originally released in 1997) was remastered & re-released, and even today it still blows away the dance floors!

In November 2007 the long awaited debut solo album of Goasia saw the daylight. Up to date sounds combined with classic goa trance melodies and crazy acid sounds.

(History, continued)

Not long ago, in March 2008, a special double cd was released to celebrate our 10th cd. Cd 1 existed out of uptempo Goa Trance and cd 2 was an Ambient and Downtempo experience. Both cds featured the most talented artists within the scene... Shakta, Solar Fields, Electrynose, Asura, Filteria, Aes Dana, Ethereal...

Album Profile:

RA is back! Eight years after their first release, we are proud to present the second full album of the Norwegian duo Christer Borge-Lunde (ex Dimension 5, Electron Wave) and Lars Wedde Lind.

"9th" is a concentrate of eastern melodies, deep soundscapes and fantastic positive climaxes... Starting where "To Sirius" left off, "9th" upgrades the RA experience to an all-allegoric story, ranging from soft Ambient and downtempo Goa Trance to uplifting morning monsters !

Octagon and *Expand Consciousness* embody dreamlike acceleration/deceleration phases aside the Ambient maestrias of the Intro and *Light Receiver*. *Ultima Energica*, *Spirit Complex* and the massive *Time Current* are melodic stompers designed for the dancefloor, twirling layers over mind-melting rythmics ! *Other Self*, *Transcendant* and *Predator* are real atherms to the Sun, the very definition of RA's so special music, full of psychedelic highs and soundscape travelling. Story-telling at its best...

Who wouldn't like to start the summer in advance ?
RA makes this dream come true !

Sales Points:

Suntrip is known for selecting its releases carefully and amaze the dancefloors. This time again, no compromise on quality.

Christer Borge Lunde set some of the Goa Trance genre milestones, as part of the famous group Dimension5, or in more personal projects (RA, Electron Wave). With his team-mate Lars W. Lind, they offer us an enlightening story, a subtle dreamy adventure across eastern melodic ambiances.

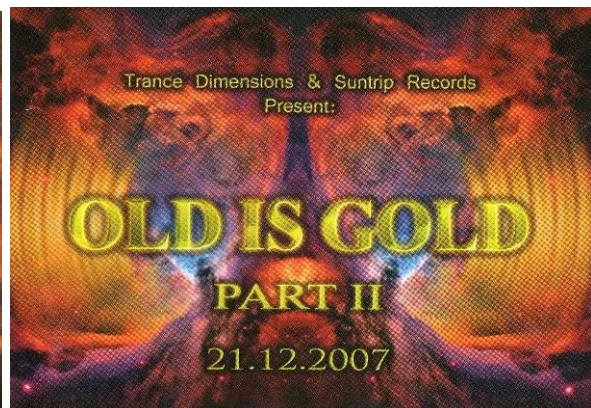

This allum was >2 years in the making and artists were let as much time as needed for an exhilarating release, which explains this SUNCD07 is out after SUNCD10.

Right before the summer, a colourful release, contrasting with galore mainstream-unsurprising releases all around. Here is the chance to rediscover the pleasures of real melodic psytrance with modern production.

This release is wonderfully mastered by Tim Schuldt, the result is deep, sensitive, and aerial.

Press & marketing:

Suntrip Parties: Several official Suntrip parties were organized last years involving a lot of artists from our own label, like Filteria, Khetzal, Ka-Sol, Goasia, Merr0w, Afgin, Dimension 5, Ra,... But also non Suntrip artists were invited, like Jaia, Blue Planet Corporation, Silicon Sound, California Sunshine,.... In 2008 more parties will happen and alone in Belgium Ka Sol, Dimension 5, Afgin and Khetzal are booked so far. Also in other countries of the world a lot of bookings are happening (Mexico, Israel, Germany,...) In the past the Suntrip djs and groups have played on numerous other parties and festivals, all over Europe including many famous ones!
