### Label Profile:

Showing alternatives to nowadays' psy-trance scene, Suntrip focuses on melodic psychedelic music in all its forms. All original music ranging from melodic deep ambient to melodic goa trance are welcome!

### History:

The label *Suntrip Records* was set up in the summer of 2004 by Fabien "Mars", one of the founders of the Psynews.org website and Joske "Anoebis", a Belgian DJ and Party-organiser. They've been sharing the same love for melodic psychedelic trance for years. They created Suntrip to release more melodic psy-trance like *in the good old times*, but with modern production.

The prodigious talent *Filteria* released two albums full of mind blowing tracks and uplifting psychedelic melodies. The third one to come in 2009!

*Khetzal*, French, known from numerous releases on labels as *Ultimae* gave us a great mixture of down and uptempo spiritual and floating Melodic Goa Trance. With his *Fairytale* album, veteran *Ka-Sol* delivered a perfect mix between melodic, dark and twisted soundscapes ; described as "Forest Trance". *Dimension 5's* classic *Transdimensional* was remastered & re-issued, and even today it still blows away the dance floors!

Compilations, *Apsara*, and *Twist Dreams*, gathered a mixture of famous melodic Goa Trance producers and new talents.

In the last 12 months, the long awaited debut solo album of *Goasia* saw the daylight. Up to date sounds combined with classic emotional Goa trance melodies and crazy acid sounds.

Then, *Opus Iridium*, a special double CD was released to celebrate our 10<sup>th</sup> release. It featured the most talented artists within the Goatrance and Ambient scenes.

Before this summer, *RA's 9th* shook the dancefloors. One of the old masters showed the meaning of true Goa trance anno 2008.

Fantastic production, superb melodies, floating and dreamy atmospheres and real storytelling ranging from true dance floor inferno material till soft ambient. That's Suntrip spirit.

### Compilation Profile:

Suntrip Records is back with a 4<sup>th</sup> compilation. This time we present you a pure morning trance compilation called *Sundrops*. Inspired by many blissful mornings on festivals we decided to make a deep emotional morning compilation that makes people fly.

We gathered classic morning trance compositions from many famous artists and some new talents.

First we have *Chi-a.d.* who will bring, after many years of silence, a deep hypnotic Goa trance track in the "classical" style. Another master of goa trance, *California Sunshine*, is next with a more storming morning track with a tribal feeling.

Number 3 on the cd are *Virtuart & Chronomyst* with a very long and emotional trance journey followed by a more subtle Goa trance track with lots of small hidden melodies by *Aerosis*.

The second part of the cd starts with a much more energetic track by *Artifact303*, one of the great new rising talents. After that we have a fantastic debut by Belgian *Antares* who managed to melt euphoric melodies perfectly together with more floating trance. *RA* presents us another super deep and emotional hypnotic track and the last track is from one of our main artists: *Filteria*. He made a downtempo track for this compilation with panoramic melodies

A compilation specially made for people that are hooked to the magical feeling of a sunrise on a beach filled with palm trees and dancing freaks!

### **Sales Points:**

News from the modern melodic goa trance front! Suntrip 4<sup>th</sup> compilation called Sundrops – Light in motion is finally ready. As usual, you'll get no compromise on quality and we'll give you a mix of well-known artists mixed with new talents.

Musically this compilation will be pure morning-styled goa trance in all its facets. Expect high energy dance floor burners, floating morning groovers and emotional sunrise tracks!

Nobody less than Chi-a.d., who is back after years of Silence, opens the cd with a deep hypnotic track, followed by California Sunshine who give us a more tribal stormer. Another "veteran", Virtuart & Chronomyst, is next with a very long and emotional trance journey followed by a more subtle morning track with lots of hidden melodies by Aerosis. The second part of the cd starts with a very energetic dance floor stormer by Artifact303 followed by a great morning track from Antares, a young Belgian talent, combining euphoria and deep trance. The last two tracks are from known artists again, first RA with a deep emotional hypnotic sensitive track and Filteria ends the compilation with a downtempo track with great melodies.

A compilation specially made for people that are hooked to the magical feeling of a sunrise on a beach filled with palm trees and dancing freaks! Enjoy!

### **Press & marketing:**

**Suntrip Parties:** Several official Suntrip parties were organized last years, involving virtually all artists from the label, like Filteria, Khetzal, Ka-Sol, Goasia, Merr0w, Afgin, Dimension 5, Ra, E-Mantra, ... But also non Suntrip artists were invited, like Jaia, Blue Planet Corporation, Silicon Sound, California Sunshine, Shidapu,... In 2009 more parties will happen; and in Belgium only, Merr0w, Afgin and Goasia are booked so far.

Many other bookings are set every week: Brazil (Universo Paralello), Greece, Israel, Sweden, Finland, Germany, Switzerland...). Filteria alone is literally playing around the world.

In the past the Suntrip djs and groups have played on hundreds of parties and festivals, all over Europe including many famous ones like Full Moon, Aurora festival, Elixiria.
