Label Profile:

Showing alternatives to nowadays' psy-trance scene, Suntrip focuses on melodic psychedelic music in all its forms. All original music ranging from melodic deep ambient to melodic goa trance are welcome!

History:

The label *Suntrip Records* was set up in the summer of 2004 by Fabien "Mars", one of the founders of the Psynews.org website and Joske "Anoebis", a Belgian DJ and Party-organiser. They've been sharing the same love for melodic psychedelic trance for years. They created Suntrip to release more melodic psy-trance like *in the good old times*, but with modern production.

The prodigious talent Filteria released two albums full of mind blowing tracks and uplifting psychedelic melodies. The third one to come in 2009!

Khetzal, French, known from numerous releases on labels as *Ultimae* gave us a great mixture of down and uptempo spiritual and floating Melodic Goa Trance. With his *Fairytale* album, veteran Ka-Sol delivered a perfect mix between melodic, dark and twisted soundscapes ; described as "Forest Trance". Dimension 5's classic *Transdimensional* was remastered & re-issued, and even today it still blows away the dance floors!

Compilations, *Apsara*, and *Twist Dreams*, gathered a mixture of famous melodic Goa Trance producers and new talents.

More recently Goasia's solo album saw the daylight. Up to date sounds combined with classic emotional Goa trance melodies and crazy acid sounds.

Opus Iridium, a special double CD was released to celebrate our 10th release. It featured the most talented artists within the Goatrance and Ambient scenes. Then, RA's *9th* shook the dancefloors. One of the old masters showed the meaning of true storytelling Goa trance anno 2008.

2008 also saw the highly acclaimed *Sundrops*, gathering classic morning trance compositions from many famous artists and some new talents.

The first release of 2009 was Merr0w's debut album, showcasing massive drives together with a mix of subtle melodies and bouncing rhythmic.

Recent Releases:

SUNCD09: *Goasia – From Other Spaces* (Nov 2007)

SUNCD10: *V.A. – Opus Iridium (2*CD March 2008)*

SUNCD07 : *Ra – 9th* (May 2008)

SUNCD11: *V.A. – Sundrops* (November 2008)

SUNCD12: *Merr0w – Born Underwater* (March 2009)

Album Profile:

The king of climaxes is back! Filteria chose 2009 to deliver his third studio album "Daze of Our Lives" after 3 years of sonic research and dancefloor live-testing. Eight tracks showing more than ever the melodic virtuosity of the Swedish maestro and his new wondrous production skills!

As a starter, *Filtertraces*, encompasses progressive influences. From a mystic intro, to dreamy landscapes, to an hallucinogenic interlude driving to a final cloudwalking, *Filtertraces* is the introductory step to the new Filteria style.

The Big Blue, tested on the biggest dancefloors is a stomper, gradually increasing the pressure in some parts, and delivering energy shorts in others. From surprise to surprise to the final climax, the track will unite all melodic lovers in a same happiness.

Wormhole is a serious one, drilling psychedelic tunnels in the listener's conscience, then elevating and shooting an explosion of melodies.

As the first track made for this album, *Eyeless Observatory* still has influences from Heliopolis. A no-compromise twister trapping your mind until the almost-acid final act. Prepare to be crushed!

In the Heaven's Eye is a real odyssey, letting the kick enter after 4 minutes, and developing a 14-minute story that evolves pattern after pattern. That track is a real peacemaker. This is Filteria anno 2009.

Infinite Regression is one of these tracks that take you aback. Massive bass, massive melodies, and all of a sudden the trip has started without you noticing. Strong psychedelic artifacts for strong madness.

Earthrise is probably one of Filteria's best tracks ever. An alive bass, a fantastic combination of instruments and fx, incredible build-ups, smashing climaxes. *Earthrise* will bring back the pure essence of Goatrance.

Lastly, *Float Away & Disappear* operates a down tempo decompression. Voices and tweaks cross the air and blend together to offer the best landing strip. Rediscover psychedelic trance!

Sales Points:

After 2 successful albums, and 3 years of sonic research and dancefloor live-testing, Filteria is back with more innovation, better production, and a new definition of Goatrance!

Filteria is known for his rollercoaster tracks filled with killer climaxes. Since his debut in 2004, he kept surprising the listener and pushing further the effects of music-driven psychedelia. He is also behind the mysterious project K.O.B. that's starting to get strong attention in the scene.

Jannis Filteria is also known for his energetic live act that takes the dancefloors by storm. Worth mentioning that he always plays live remixes & unreleased tracks. This reputation made him tour the world in the last 3 years (Brazil, Israel, Mexico, Russia, Switzerland, Ukraine, Turkey, Belgium, Finland, Portugal..) and participate in Major festivals such as Universo Paralello, Fullmoon, or Aurora.

While appearing in several compilations, Jannis kept feet and hands in his all-analogue studio to produce the pure organic madness of "*Daze of Our Lives*".

"*Daze of Our Lives*", while staying a Goatrance album, introduces a new sleek approach, reaching out to a totally unseen aura. An exclusive experience that will reset references and mark the history of Goatrance.

Stunning Mastering by Tim Schuldt.

Press & marketing:

Suntrip Parties: Several official Suntrip parties were organized last years, involving virtually all artists from the label, like Filteria, Khetzal, Ka-Sol, Goasia, Merr0w, Afgin, Dimension 5, Ra, E-Mantra, ... But also non Suntrip artists were invited, like Jaia, Blue Planet Corporation, Silicon Sound, California Sunshine, Shidapu,... In 2009 more parties will happen; and in Belgium only, Merr0w, Afgin and Goasia are booked so far.

Many other bookings are set every week: Brazil (Universo Paralello), Greece, Israel, Sweden, Finland, Germany, Switzerland...). Filteria alone is literally playing around the world.

In the past the Suntrip Djs and groups have played on hundreds of parties and festivals, all over Europe including many famous ones like Full Moon, Aurora festival, Elixiria.
