Label Profile:

Showing alternatives to nowadays' psy-trance scene, Suntrip focuses on melodic psychedelic music in all its forms. All original music ranging from melodic deep ambient to melodic goa trance are welcome!

History:

The label *Suntrip Records* was set up in the summer of 2004 by Fabien "Mars", one of the founders of the Psynews.org website and Joske "Anoebis", a Belgian DJ and Party-organiser. They've been sharing the same love for melodic psychedelic trance for years. They created Suntrip to release more melodic psy-trance like *in the good old times*, but with modern production.

The prodigious talent *Filteria* released two albums full of mind blowing tracks and uplifting psychedelic melodies. The third one to come in 2009!

Khetzal, French, known from numerous releases on labels as *Ultimae* gave us a great mixture of down and uptempo spiritual and floating Melodic Goa Trance. With his *Fairytale* album, veteran *Ka-Sol* delivered a perfect mix between melodic, dark and twisted soundscapes ; described as "Forest Trance". *Dimension 5's* classic *Transdimensional* was remastered & re-issued, and even today it still blows away the dance floors!

Compilations, *Apsara*, and *Twist Dreams*, gathered a mixture of famous melodic Goa Trance producers and new talents.

More recently *Goasia's* solo album saw the daylight. Up to date sounds combined with classic emotional Goa trance melodies and crazy acid sounds.

Opus Iridium, a special double CD was released to celebrate our 10th release. It featured the most talented artists within the Goatrance and Ambient scenes. Then, *RA's 9th* shook the dancefloors with true storytelling Goa trance anno 2008.

2008 also saw the highly acclaimed *Sundrops*, gathering classic morning trance compositions from many famous artists and some new talents.

2009 saw already *Merr0w's* debut album, showcasing massive drives together with a mix of subtle melodies and bouncing rhythmic, and the acclaimed 3rd album of *Filteria*, with a new definition of Goatrance!

Recent Releases:

SUNCD09: *Goasia – From Other Spaces* (Nov 2007)

SUNCD10: *V.A. – Opus Iridium (2*CD March 2008)*

SUNCD07 : *Ra – 9th* (May 2008)

SUNCD11: *V.A. – Sundrops* (November 2008)

SUNCD12: *Merr0w – Born Underwater* (March 2009)

SUNCD14: *Filteria – Daze of Our Lives* (April 2009)

Album Profile:

2 Years after the release of his, now famous, promo "Old is Gold", Elad Afigin is finally here with his high acclaimed debut album. Influenced by the sunrises on the numerous parties where Elad played, this album is a tribute to the real Goa-trance masters from the mid-90's. Back to the Future!

The title of the first track says it all! "*Astral Experience*". Pure transcendental music, influenced by the old Goa trance masters! Euphoric, joyful and sublime!

Old is Gold 2 is inspired by the first Promo Elad made and once again the name says It all, a tribute to the golden ages of Psychedelic Trance.

The third track is a little different. More acidic, a little darker and more powerful instead of floating. For those who were forgotten how the real TB-303 sounds, *Journey through Acidis* for you!

Dreams in Motion continues the more dreamy morning style. No compromise on emotional uplifting melodies and deep basslines.

Emotions and *Heavens Tears* are probably the most epic tracks. They are made for being played on a beach or in a desert during sunrise! People smiling, happy, dancing around and feeling free thanks to the music that makes you fly!

Northern Exposure gives a panoramic view on Afigin's art, and specializes in powerful climaxes!

The last track is downtempo, starting with special prayers from Yemen, where Afigin roots are. It will make sure you will have a nice landing after this euphoric Goa trance flight!

Sales Points:

2 Years after his first release Elad Afigin is finally here with his highly acclaimed debut album "Astral Experience". Influenced by the sunrises on the numerous parties where Afigin played, this album is a tribute to the real Goa-trance masters from the mid-90's! Back to the Future!

Expect 7 beautiful long emotional morning trance anthems filled with acid-303's, heart-touching breaks and sunny melodies. Music that should be played on every open air festival or party for the euphoric sunrise experiences! Pure Goa trance 96-style with 2009 sound quality! To end this amazing album a slower track filled with prayers from Yemen will guide you back to reality.

Israeli trance-veteran Elad Afigin is now producing music for many years, and got remarked by an Internet release from the Old is Gold group in 2006. This promo got so much attention that some tracks were soon released on compilations from Suntrip, and also labels like Kagdila and Shivlink released his music. Now, almost 3 years later, his debut album is finally there, filled with fresh tracks!

Like usual, this release was excellently mastered by Tim Schuldt.

"*From the Heart!*", that's the message conveyed by Afigin through "Astral Experience". Enjoy!
