### Label Profile:

Showing alternatives to nowadays' psy-trance scene, Suntrip focuses on melodic psychedelic music in all its forms. All original music ranging from melodic goa trance to melodic deep ambient are welcome!

### History:

The label *Suntrip Records* was set up in the summer of 2004 by Fabien "Mars", one of the founders of the Psynews.org website and Joske "Anoebis", a Belgian DJ and Party-organiser. They created Suntrip to release more melodic psy-trance like *in the good old times*, but with modern production.

Filteria/K.O.B. is one of Suntrip's headliners with 6 albums full of mind blowing tracks & uplifting psychedelic melodies. Also E-Mantra released 3 full power psychedelic stormers on Suntrip already.

Ra, Khetzal, Goasia (with two albums), Afgin, Antares, Merr0w, Radical Distortion, Artifact303, Cosmic Dimension & Celestial Intelligence provide us with what Suntrip is well known for: true storytelling Goa trance albums with down and uptempo spiritual floating sunrise music to massive dancefloor material filled with acid sounds and beautiful harmonies! There were also some re-releases. In 2007 Dimension 5's classic – Transdimensional, and in 2014 Shakta's best of rare & unreleased compilation called *Retroescape!* Old is Gold, as they still blow dance floors!

The darker side of Suntrip is embodied by Ka-Sol & Morphic Resonance with a perfect mix between melodic, dark & twisted goa-trance. At the opposite, Electrynose also joined Suntrip for an ambient album.

In 2017 Suntrip released *Inti*, its 10<sup>th</sup> compilation and Filteria's side project K.O.B. album before teaming up with the legendary Trust In Trance Records to release an *Astral Projection EP!*

Praising morning trance melodies or acidic neuron smashers, each Suntrip release offers a unique thematic experience!

### Recent Releases:

*SUNCD49 Morphic Resonance – Perplexity*  
*SUNCD51 E-Mantra – Stapanii Timpului*  
*SUNCD52 Denshi Danshi – Brain Chemistry*  
*SUNCD50 VA – The 50<sup>th</sup> Parallel*

### Album Profile:

Psylent Buddhi is an extremely talented and unlucky oldschool producer: all his precious work from the 90's was lost. Fortunately, some dedicated goa enthusiasts managed to minutely recollect the tunes he'd shared before his disk crash, and 20 years later you can finally enjoy his wonderful works!

"Lunar Core" starts softly with a light shower of hypnotic acid twirls. Just enough to warm you up before the storm starts. "Neura" immediately catches you with a deluge of brain scratching sounds and fx. Just after that, "Secrets Of The Atom" blasts demented galloping kick/bass and head banging sound manipulations converging into a massive climax! Moksha is regularly played in the unreleased collectors' scene, and for a reason: it's one of the best mind boggling, euphoric tunes you'll ever experience! Be warned, its reckless acid lines will alter your brainwaves and scatter your conscience all over the dancefloor! But don't expect to rest anytime soon, because "Convergent Images" will blow you away with its brilliant oldschool analog work!

"Metalucid" showcases another of Psylent Buddhi's creative facets with a tale dedicated to trippy-trance-dance experiences!

Dedicated to more classical goa melodies, "Innerscape" is the perfect tune to play at dawn, whereas "Lightswitch" is a tribute to morning colors with spiraling melodies over a brilliant background of sparkling acidic tweaks!

Psylent Buddhi's album is like no other: a timeless ode to uncompromised acid lines and banging breaks aimed at the most demanding goa crowd. There's no better way to start the year 2019!

### **Press & marketing:**

**Suntrip Parties:** Because Suntrip exists 10 years in 2014, we organised a world tour of Suntrip parties with mostly our artists. This tour was a big success. We did label parties in Japan, Germany, Israel, Spain, Croatia, Belgium, Norway, UK, Finland, Serbia and Brasil!

The years before we did a lot of other parties in the countries above as well. Our parties involved virtually all artists from the label, like Filteria, Khetzal, Ka-Sol, Goasia, Merr0w, Afgin, Dimension 5, Ra, E-Mantra, Artifact303, Antares,... But also many non Suntrip artists were invited, like Jaia, Blue Planet Corporation, California Sunshine, Mystica, Sandman, Shidapu, NDMA, Moonweed, Crossing Mind, ... It's clear goa-trance has a big revival.

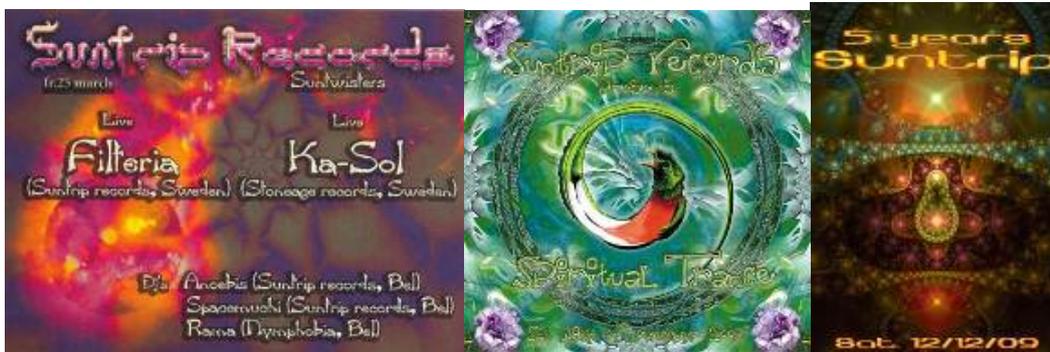

**Suntrip live acts&Dj's:** Many of our live-acts such as Filteria, Ra, Goasia, E-Mantra, Artifact303... and dj's such as Anoebis, Ine, Lord Flames,... are booked every week. They have played all over the world and drove the dancefloors crazy on many big festivals (such as Boom Festival, Aurora festival, UniversoParalello, Antaris, Lost Theory, Ozora, Freedom,...) But also many smaller festivals and cosy parties invited Suntrip artists in countries such as Israel, Japan, Sweden, Finland, Germany, Portugal, Switzerland, Mexico, Romania, Hungary, Ukraine, France, Holland...
